

A fun-filled Class! Learn characters through interactive activities!

Interactive : Preschoolers aged 3-6 are curious, have great memory but short attention span. Instead of traditional sit and learn style, kids in this class learn Chinese characters through fun and interactive activities, like stories, songs, rhymes, games, and easy crafts.

Three-dimensional: listen/speak/read : This class does not emphasize on writing since the preschoolers did not develop fine motor skills to handle writing yet. Instead, we emphasize on recognition of the characters to build reading skills. Stories, songs, and rhymes increase children’s listening ability, and we use games and sharing to encourage speaking in Chinese

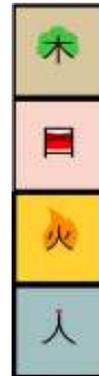

Parent involvement : This Class emphasizes parent involvement. We encourage parents speak Chinese with children at home or borrow Chinese CD books or Chinese video for children and listen or watch with them.

Class Dates and Time:

Saturday group	PC61 (beginners)
Time	11:50 am - 12:40 pm

Our Teacher

Ms. Amy Zhen has an BA degree in Chinese Literature and Education from China’s Hua-Nan University. She also holds an Early Childhood Preschool Teacher’s Credential and a Site Supervisor Permit issued by the State of California. Ms. Zhen has been teaching Chinese to children for more than 15 years, including Children’s House of Los Altos, and is currently a teacher at LingLi School for Chinese. She loves dancing and yoga and hopes little ones have fun learning Chinese.
