

Fall 2019 Elementary Singapore Math

Give your children the gift of good math foundation!

Singapore Math - one of the most effective math curriculum in the world

In the publisher, Singapore Math Inc.'s own words: "The strong point of Primary Mathematics is its clear and multi-pronged presentation of concepts. There is an effective mix of drill, word problems and mental calculation instruction connected to all the important concepts. While typical U.S. curricula touch on a larger number of topics superficially, Primary Mathematics presents the core math curriculum in a way that better prepares students for higher math."

Level/Class Time: Each group with only 8 seats.

Level 3 (SNM3): 3rd-4th graders, meet **Mondays, 3:20-4:10** (50 minutes)

Level 4 (SNM4): 4th-5th graders, meet **Mondays, 4:20-5:20** (60 minutes)

Level 5 (SNM5): 5th-6th graders, meet **Mondays, 5:30-6:30** (60 minutes)

Registration: Please come to Books and Me Library to register in person.

Our Teacher

Ms. Alice Lai has a B.S. degree in Computer Science from San Francisco State University. She has worked in IT industry for more than 20 years and tutored her two sons' math from elementary all the way to UC Berkeley. She is very patient with young children and hopes to bring fun memories to math learning in her class.
